Dear Mr.Weisberg. Dragør 25/1-91

I am in receipt of your letter of januar 4th, and I have noticed your remarks to my attitude concerning further study of the JFK assassination. I think you are right when you think this attitude are extreme. The reason for my to say this, and I have already regret it, is because the more you read, the more confused you get, and I understand you have felt this many times.

But I can tell you that your letters and remarks, have renewed my interest in the subject, and I am very much interested in reading your books. To cover the price for the books and freight, I enclosed herewith a check on the amount of 74.oo U.S. dollar.

I look very much forward to receive the books, and you can do me a great favor in making a dedikation in one of the volumes, if it is not to much to ask for.

Yours sincerely,

Lasse Larsen
